DETAILED ACTION

EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with ECKHARD H. KUESTERS on 8/29/03.

In claims 2, 3, 5, 6 and 8, the recitation "**the load**" in the claims has been changed to -- **the first resistance element** --

Claim 4 has been cancelled.

Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: None of the cited references discloses nor suggests the claimed invention including a resistance of the first resistance element is set such that a change in a potential appearing across the first resistance element is equal to a change in a potential difference between the bases of the first and second transistors when the power supply potential changes, as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
